ties." He added, "The recreation department needs additional equipment and the parks need renovation."

"The street department needs additional equipment and staff to maintain the streets, right-of-ways and sewer systems in Elba. It takes men and equipment to get a job done right, and when a job is done right, you don't have to go back later and spend more money to do it again," Gilbert stated.

"I will work to make sure that all departments are fully staffed and that the departments have the equipment they need to do the job," he said.

"I realize that many people have doubts about my ability to serve as the Mayor of Elba," stated Gilbert. "I admit that if I had to do the job by myself, it would be impossible."

"However, with the help of the city council and all the citizens of Elba, together we can do what is best for the city and make certain that Elba moves forward in the years to come."

"I will be the 'People's Mayor' and will always listen to the people and do my best to do what is right for everyone, and not just a certain few."

At this point the male noted he was all wet and would mess up the inside of the police car if he did get in. He suggested he just sit on the hood, which he did, holding on with his fingers locked around a molded piece of the body for safety. About this time is when the mayor observed the incident and filled his report and demanded the immediate suspension.

City Attorney Jeff Kelley was not available for comment on the details of the incident, however sources close to the issue quoted him as saying while it may have been an action which deserves some disciplinary action, this was not, in itself, a firing offense, according to the city code, nor the police SOP manual.

According to one part of one or more of the Elba Police SOP's (there are reportedly several versions floating around, prepared or revised by various former police chiefs) prior to any suspension or firing, infractions must be presented to a police review board for a recommendation. That recommendation is what action is ultimately recommended to the chief for presenting to the mayor and city council for further approval and/or action.

BRAINSTORMS

With Ferrin Cox

The 1996 Summer Olympics are over, and without another major interruption such as the pipe bomb in the Olympic Village. We cheered with many of the winners and cried with many of those who didn't win the gold. Note we didn't write "lose" because after a person trains extensively and gets into such an event, there ain't no losers. That is except for those who disrupt with their lethal bombs hearing death and destruction.

There are 2600 names on the Elba voters' list published in this issue of *The Elba Clipper*... count them if you don't believe it. District 2 has the largest number of registered voters as of today. However, people are registering every week and it is possible this could change, but not likely. Candidates, especially candidates for mayor are working the neighborhoods actively. We are seeing the signs and people are talking about the visits. This is hard work for a candidate and voters should respect and appreciate the effort these folks are putting into the political race.

A friend came by recently with a heartwarming story. He didn't even know the person who deserved the praise, but gives it to all Elba. He was driving through town with a trailer load of items, including two bicycles. Just after passing through town, he stopped to check the load and found one of the bikes was missing. Even after backtracking, he couldn't find it. This man went on, praying that some young person who didn't own a bike would find it. He told us he felt it was God's way of getting him to help someone in need. However, coming back through Elba he found that the bike had been found and turned in at the Elba police department. Now his thoughts are positive for Elba and feels this was God's way of telling him there are still some honest folks in this world. Salute!

The auction last Saturday surprised this writer. At least the high amount of money netted by the efforts of our auctioneer friend Ronny Shiver. It didn't take him long to rack up that money either. The buyers had come to buy and he was there to sell. The sale was advertised statewide, but the property was all purchased by hometown folks, with hometown money.

However, the City's real estate auction was not a plus in everyone's mind. One observer noted this would not pay all the debts of the City of Elba and... now the money is gone, the land is gone and the debts remain. Hummmmm.

Political candidates planning to get some free publicity on the front page of *The Elba Clipper* need to be reminded that it is a long standing policy that none of those freebies are printed in the last issue before the election. That means next week is the last date to get that one time free advertising here! Also, we try to avoid any surprise bombshells in that last issue before the election. In other words, if a candidate (or supporter) wants to publish an ad "telling all," etc., about another candidate, we reserve the right to inform the candidate under attack prior to the ad being published. This gives them a fair chance to respond before the election. That applies to the very last week only, other times the existence of, or contents of, any ad is confidential until the newspaper is published.

Taxpayers Bill of Rights

A giant step in protection for taxpayers was made last week when President Clinton signed into law the Taxpayer Bill of Rights. This measure levels the playing field between taxpayers and the Internal Revenue Service.

The new law sets forth 27 provisions which provide the taxpayer with more protection and options in dealing with the IRS. Foremost is the creation of an independent Office of Taxpayer Advocacy. This office will replace the IRS's existing Taxpayer Ombudsman, which was created in 1987. The new advocacy office will have expanded powers to require the IRS to issue refund checks and meet deadlines in performing tasks for taxpayers.

Other key provisions in the Taxpayer Bill of Rights include:

* Increases the amount a taxpayer can sue the IRS from \$100,000 to \$1 million in cases when an agent has acted negligently or recklessly.

* Permits taxpayers to sue anyone filing false information about matters such as wages and interest income.

* Requires the IRS to notify former spouses when it begins action to collect jointly-owned back taxes.

* Makes it easier for taxpayers who win lawsuits against the IRS to obtain reimbursement of legal fees and raises the cap on reimbursements from \$75 to \$110 an hour.

* Allows private delivery services, in addition to the postal service, to deliver tax returns and other documents.

* Requires the IRS to give taxpayers 30 days notice before canceling or ending installment agreements for paying taxes, interest and penalties.

* Makes it easier for the IRS to remove liens from taxpayers' property and accept compromise offers to settle delinquent tax accounts.

* Requires the IRS to notify taxpayers annually of overdue taxes, rather than just allow penalties and interest to accumulate without notice.

This is the second time a law has been passed to equalize the relationship between tax-paying citizens and the IRS. In 1988, President Ronald Reagan signed a law that gave taxpayers the right to recover civil damages. At that time, the effort was not received warmly by the IRS. However, things have changed in the years since. In fact, the IRS informally adopted many of these new provisions in January of this year. Former IRS Commissioner Donald Alexander was quoted in the Washington Post as saying that this was a good bill.

The Taxpayer Bill of Rights comes after extensive debate over ways to achieve more fairness for small taxpayers. There were many complex proposals made, but this is a simple, inexpensive and unanimously agreed-upon package that makes paying taxes easier.

I believe this law will help bolster taxpayer confidence in dealing with the federal government by ensuring taxpayers that they are going to get fair treatment by the IRS.

We get Letters.....

Dear Editor,
I would like to say a few words about the Elba Fire Department. Six years ago, we moved from New Jersey. My husband, George, is a life member of the Manville Rescue Squad and an exempt member of Co. #2 Fire Department in Manville.

This is a man that has a love for the fire department and has tried and tried to get on in Elba. But since he isn't from here, or part of the click (as they call it) they won't let him get George his experience and would be good for the fire department. It's a shame to have to be 44 years old and be part of a click to do something you and your dad has done all of your lives, and to move to a new place and can't even be a fireman. I'll tell you what. One day, Elba Fire Department will need members and believe me, they lost out on a good one. You have guys who don't even live ten miles within the city limits that don't even answer calls any more. You let a boy join that has had I don't know how many wrecks to go to calls. But you even give George a chance. I'm so disappointed to have brought him here from something that was a big part of his life and he can't even be a part of it in Elba. Shame on you firemen. You have a lot to learn about fellow firefighters. There is only one man in the fire department that I have heard say that this was a good bill. George could get on.

George will always be a fireman, whether he is a part of the Elba Fire Department or not, because he has it in his heart.

A true fireman's wife,
Betty Hynak

Editor's Note: Fire Chief Loyd Driggers was asked to respond to the accusations in this letter. His response was: "All new members of the Elba Volunteer Fire Department are selected from our auxiliary whenever a vacancy occurs. We are very fortunate to have a large number of citizens willing to serve their neighbors whenever a catastrophe occurs. For me, as chief, to comment on the status of any individual auxiliary member or why one was selected over another for active firefighter status, would compromise the entire process and would be unfair to the individuals involved."

Dear Editor,
I have noticed of late that M.J. (Jack) Parker is getting some free campaign publicity through this "Letters" section of *The Elba Clipper*. I agree that this is an excellent way to get one's viewpoint across, especially when one is running for office.

In the July 4, 1996 issue, Mr. Parker discussed crack cocaine and various related issues. There are a few statements in his letter that I wish to address.

...bored and jobless young people have turned to crack for excitement. "Why are Elba's young people bored? What does the town offer as an alternative to drugs? What do organizations offer? Is everyone welcome?"

I commend Councilman McColough for his efforts (which seem to be largely ignored) toward some kind of place set apart for youth. This is a long-term issue which has been ignored for many years. I grew up in Elba and there was precious little to do even then (the 1960's). I was fortunate to have a hobby that consumed much of my time. Most of my peers were not as fortunate. Everyone got into their share of trouble, but we were a "kinder, gentler nation" back then.

Presently, I live in a town about the size of Elba. The local National Guard Unit has utilized its considerable manpower and resources to assist the town in creating neighborhood play areas. (The schools are out of town and relatively inaccessible to the majority of youth.) These play areas vary among playgrounds, a walking-running track, basketball courts, a baseball field complete with dugouts, bases and fencing; and a level field for football, soccer, or other games/gatherings. Each of these areas have trash receptacles, emptied by the town, cement picnic tables, bleachers as appropriate, and each is patrolled on a regular basis. The fields are kept mowed. Official organized sports are not a solution for everyone.

Jobs? What about the part-time maintenance of these parks? Are there other part-time, church, community service, incentive-related jobs available for these "jobless...young people" to perform?

"I am sure the citizens of Elba can hear the discharging of firearms in the night coming from Mulberry Heights. Don't you know that the citizens that live there desperately need protection." Do these statements mean that the crack problem in Elba is situated in the Mulberry Heights area? And what about the citizens in this area? Are they getting the protection they "desperately need"? Is Mr. Parker subliminally telling the citizens of Elba that he will do something if elected mayor? Is he suggesting that this desperately needed protection is not presently available? This is the message I am receiving.

"Crack cocaine is horrible. It is the biggest problem we have." What is being done about crack cocaine in Elba?

What does Mr. Parker intend to do about it? What has he already done?

"Our city government, churches, schools, and civic groups are going to have to go all out with the citizens of this town to make a difference."

...has led to a sharp increase in crime and reinforced a strain of racism because it is perceived as a black problem. Does Mr. Parker envision a forum in/through which all these groups from all parts/sectors of the community can work together?

Work together for the common goal of providing worthwhile, constructive activity for the young people of Elba?

Crack cocaine and drugs in general are everyone's problem. Only when everyone becomes seriously involved can useful, constructive solutions be implemented. This is the kind of issue that brings everyone together. There is no us and them, there is only we. We can solve any problem.

An us and them mentality creates hostility, suspicion, apathy, competition. This issue isn't about protecting one group from another. It's about helping everyone. Elba is a small town, but let's put small-mindedness aside and work for the greater good of everyone. Only together can it be successful.

Mr. Parker, if you have suggestions for how you would facilitate work toward solutions to the problems you identified, I'm sure the Elba citizens would like to see them in print. Keep writing those letters.

Dear Editor,
I have several parents ask questions concerning this section. This is certainly understandable since many parents are buying new clothes for their children to start school and need to know what is and is not acceptable. We have not changed our dress code for this year and those details are covered in the "Dress Code" section of the "Student Code of Conduct" published in this issue of *The Elba Clipper*.

Every student's parents (guardians) will be given a handbook that covers the "Code of Conduct" in detail. In the back of each handbook will be a "statement of acknowledgment" that must be signed by the student and parent that they have read, or have had read to them, the contents of the "Code of Conduct". State law requires that we must receive this signed acknowledgment from each student and parent (guardian) and it be placed in the student's file. We encourage all parents to support our efforts to have 100% of these back to our schools by the end of the first week of school. We realize that many times such requests may seem time consuming and bureaucratic in nature. However, we must do this to insure that our efforts to inform everyone of the importance of behavior as it relates to a safe, secure, instructional sound environment.

We are certainly proud of the good year we all experience in 1995-96. Our schools had the fewest problems I can remember in my six years as superintendent. Our financial condition remains sound and test scores have increased. These are all positive points to emphasize, but we will not rest on any records that might create complacency. We intend to continue to seek improvement in all areas, especially instruction and academic quality.

Our sincere hope is that we may continue to deserve support from the entire community. Please let us know of ways we may become even more of a positive influence in our town.

Sincerely,
Charles Pearce, Superintendent

Vote Ricky Haywood Mayor

Mayor Ricky Haywood's first term as Mayor of the City of Elba has given the people of this great city the opportunity to witness the following fruitful accomplishments in just four short years:

- 1) Paving of Highways 84, 87, 125, and 189 by Alabama Department of Transportation (DOT)—both in and out of Elba.
- 2) Creating opportunities for business and industry, such as the Pizza Hut, Subway, Movie Gallery, C. Brothers Leasing, Worth Tent, Aunt Bee's Bed and Breakfast, The Garden Gate, S&W Edger Wood All-Star Sports (and the list goes on) to either open or expand their operations in Elba.
- 3) Finishing a comprehensive storm drainage grant project from 1988 with paving and curbing in M. Berry Heights, after the citizens of that area had suffered from dust during the Summer of '92 and from mud during the Fall of '92 and Winter of '93.
- 4) Adding to and upgrading sewer systems on Reese Avenue, Teresa Street, Cedar Lane Drive, and G. son Street in Elba.
- 5) Paving Taylor Mill Road from the 203 Bypass to the Elba City Limits in cooperation with the Cof County Commission, and providing water service to those residents on Taylor Mill Road previous without city water.
- 6) Securing funding for a permanent floodwater pumping station in New Town, through working w Coffee County EMA and Southeast Alabama Regional Planning Commission, that will remove flood waters and excessive rain from inside the levee in order to protect families and property in the an near Westside Baptist Church.
- 7) Securing funding and arranging for the construction of a much needed street and bridge on the E City School property with the assistance of Ft. Rucker, Alabama DOT, and Rep. Garrett Moore.
- 8) Working with Sen. Howell Heflin in Washington to secure appropriations in the amount \$150,000.00 to maintain and service the levee, which—according to U.S. Army Corps of Engineer personnel—is in very good condition.
- 9) Securing a flood warning alert system to be monitored by a computer placed in our police departme through working with the Choctawhatchee-Pea Rivers Watershed Management Authority, that v assist our city leaders in providing quick and accurate information about possible flooding and river level and rainfall readings to our citizens.
- 10) Securing a "COPS FAST" federal grant to provide one additional police officer to make daily contact with our senior citizens and elderly shut-ins to offer aid and assistance if needed.
- 11) Working with the State of Alabama and National Guard leaders to locate a 70-member National Guard Unit here in Elba.
- 12) Ensuring our citizens the lowest kilowatt hour and lowest base meter rates of any electrical supplier our area (Elba is \$4.00 per month BMR and \$13.00 for 1st 2000 kWh; Covington Electric is \$6. per month BMR and \$148.04 for 1st 2000 kWh; and Alabama Power is at \$7.60 per month BMR a \$140.00 for 1st 2000 kWh). The totals (without taxes, etc.) for 2000kwh are Elba \$134.04, Covington Electric \$154.04, and Alabama Power \$147.60, so you can easily see that Elba's power is the b deal.

I have served YOU, the fine citizens of Elba, by being there when you have needed it and NEVER QUITTING, whether in good times or in times of disaster, such as the Summer of '94, when I gave you updates on the condition of Pea River every 15 minutes that you could make proper decisions that would protect your family and property.

So, remember, on August 27, 1996, go to the polls and vote for **Rick Haywood**, the best and most qualified man for the job, to be your mayor the mayor that has proven time and time again that he is truly a **mayor "For The People"**. Thank you for your prayers and support.

Stinson family reunion held recently

The Stinson family reunion was celebrated July 4 - 7, 1996 in Elba and Enterprise. The theme was "Memories Still Linger in the Stinson Family." The host and hostesses were Mr. and Mrs. Joseph Brown and Mrs. Little M. Ward.

Thursday July 4th was known as "Howdy Day" as some of the guests arrived at various times of the day and night.

At 2:00 P. M. on Friday, there was a dedication of the old P. F. Stinson home on Claxton Avenue. This home it seems will never die. It has undergone two or more major floods. A short program was rendered and some of the guest presenters were Mayor Haywood of Elba, host and hostess Joseph and Carolyn Brown, Rev. Virgil Coleman, Shirley Ann Coleman and Rev. Cicero Moore of Tuskegee, AL.

Friday night was meet and greet night, at the Ramada Inn, many friends, relatives and acquaintances enjoyed "chewing and chatting," old photos, scrapbooks and other remembrances. Videos and pictures were made of family members and friends.

On Saturday, some of the family members went to the spa in Cottonwood, AL. Others chose to sleep in or shop, still others chose to visit relatives. There was a trip to the cemetery and flowers were placed on our ancestor's graves.

At 7:30 P. M. the family dinner was held in the main dining hall of the Ramada Inn in Enterprise, AL. Sixty or more family members and friends were present. Mrs. Fannie Armin introduced our guest, some of the guests were Councilman William Cooper, of Enterprise; Reverend V. J. Coleman and Reverend Magwood, both of Elba.

Our guest speaker was a 4th generation family member, Attorney Alicia Crowe. She was introduced by her twin sister, Attorney Alice Crowe. The speech was enjoyed by all as she was at her best.

On Sunday, we worshipped at the Elba Zion Missionary Baptist Church. The land where the church stands was donated to the church by Martin and Pauline Stinson. The Rev. John L. Gray is pastor. He preached a wonderful sermon and everyone enjoyed it. The choir was at it's best.

After church a pot luck dinner was held in the church dining hall. Everyone enjoyed this meal along with the final remembrance.

The next reunion will be in 1998 in Hartford, Connecticut. Some of the family members and friends from out of state included: CONNECTICUT: Mrs. Fannie Armin and daughter Carol; Mr. and Mrs. James P. Lane and daughter; Mrs. Mary Emma Sells, daughter and friend; Mrs. Willadee Johnson, daughter Mary Alexander and children. MICHIGAN - Mr. and Mrs. Charles Walker, Mr. Edgar Edwards. CALIFORNIA - Mr. and Mrs. Naudin Stinson, son Michael, daughter Tom and granddaughter Hillary. OHIO - Mr. Joseph Frazier, Mr. Sammy Hammonds. FLORIDA - Mrs. Edith Napper. TEXAS - Mr. and Mrs. Joseph Brown and son John, Mrs. Denise Hardrick. NEW

Stinson Home

YORK - Ms. Alicia Crowe, Mrs. Alice Crowe and friend, Mrs. Mary Alice Lee and son Thomas Snooks. GEORGIA - Mr. Michael Terrell, Mrs. Samella Edwards and daughter, Mrs. Stephanie Simmons. NEW JERSEY - Mr. John Stinson, wife Hazel and two granddaughters. ILLINOIS - Mr. Frank Stinson OREGON - Mr. Richard Stinson, wife and two daughters.

Other local members and friends were: Mr. and Mrs. Timothy Taylor, Greenville, AL; Mr. and Mrs. Robert Stinson, Anniston, AL; Rev. and Mrs. Cicero Moore, Tuskegee, AL; Mrs. Little Ward, Mr. and Mrs. Bill Stinson, Mrs. Sylvia Terrell, Mrs. Ramona Hardrick, Mrs. Eleanor Green and grandson Maurice, Mr. and Mrs. B. Confession

Christianity is called the great confession, but most Christians who are defeated in life are defeated because they believe and confess the wrong things. They have spoken the words of the enemy and those words hold him in bondage. Proverbs 6:2 says, "Thou art snared with the words of the mouth." Faith-filled words will put you out. Fear-filled words will defeat you. Words are the most powerful thing in the universe.

Man is a spirit being, very capable of operating on the same level of faith as God. We read in Mark 9:23, "Jesus said unto him, If thou canst believe, all things are possible unto him that believeth." Mark 11:23 says, "For verily I say unto you, that whosoever shall say unto this mountain, be thou removed, and be thou cast into the sea, and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith."

This is not theory. It is spiritual law. It works every time it is applied correctly. God never does anything without saying it first.

God released His faith in words. We are to have the God-Kind of faith, or faith of God.

Ephesians 5:1 literally tells us to be imitators of God as children imitate their parents. To imitate God, you must talk like Him and act like Him. He would not ask you to do something you are not capable of doing. These principles of faith are based on spiritual laws. They work for whosoever will apply these laws, you set them in motion by the words of your mouth.

Citizens of Elba.

On Tuesday, August 27, you will make a difficult decision concerning the future of our city.

So, when you go to the poll, close the curtain, and pull the lever what will be your deciding factor?

Will you vote for the person most qualified to restore pride and integrity to Elba, or do you feel obligated to vote for a long-time friend, neighbor, or relative?

Though the 1996 mayoral election is filled with choices, one man has always had a genuine concern for the welfare of our town.

Ronny Jinright owned and operated a business in Elba for 25 years, and I spent the majority of my life downtown with him.

Growing up with your parents owning businesses is a unique experience. It gives you the opportunity to see them in another role and to observe them in day to day business operations.

By Ronny's example, I learned honesty, patience, fairness, kindness, and self control. Most of my morals, character, and love of people I credit to him.

During his 25 years in business, Ronny was always willing to go out of his way to help his fellow man, while never asking for anything in return. He will do the same as mayor of this community.

Upon marrying my mother and opening his business in 1970, he raised three children never showing favoritism.

And while the days spent downtown at the Sound Center and Fishin' Hole are gone, the friends and memories I made there will forever be a part of my life.

Carter-Wilson united in holy matrimony, June 29th

Miss Holly Wilson and Mr. Claude Adam Carter of Auburn were united in marriage on June 29, 1996 at 2:00 in the afternoon at New Hope Baptist Church in the New Hope Community. Parents of the couple are Mr. and Mrs. Ben Franklin Wilson of New Hope and Mr. and Mrs. Claude Becker Carter of Plant City, Florida.

The double ring ceremony was performed by Rev. J.C. Turner, pastor of New Hope Baptist Church. Nuptial music was provided by Mr. Mike Lindsey, pianist, and Mr. Jason Turner, vocalist.

The entry doors of the church were adorned with white clusters of wedding bells. Mrs. Amber Wilson Camley, cousin of the bride, presided over the registry. The foyer table was covered with a white, cut-work cloth and featured a brass candlestick with burning taper and matching flower candle ring.

The sanctuary was decorated with a 15 branch arched candelabra centering the choir loft. The candelabra was accented with a large floral swag of yellow lilies, purple statice, fuji mums, lavender asters, and yellow daisies. It was flanked by a pair of large tree-shaped candelabras filled with matching flowers. Magnificent Boston ferns atop white columns accented the setting with the prayer bench being the focal point of the altar. The reserved pews were marked with matching floral arrangements. Other pews were marked with white satin bows and greens.

Lighting the candles for the ceremony were Mr. Ke Howell, cousin of the bride from Atlanta, Georgia and Mr. Nathan Carter, brother of the groom from Plant City, Florida. Mr. Carter is brother of the bride from the New Hope Community, and Mr. Chris Sanders, cousin of the bride from Troy, served as usher.

Given in marriage by her parents, the bride was escorted by her father. The bride wore a full-length ball gown of white imported satin. Seated pearls edged the modified sweetheart neckline and deep "V" back. Schiffli embroidered lace embellished with hand-sewn pearls and iridescent sequins overlaid the fitted bodice. Pearled buttons extended down the back of the bodice. Matching floral appliques of lace enhanced the sheer sleeves, which tapered to beautiful scalloped points over the wrists. The full skirt and cathedral length train were radiantly adorned with lace cut-work embellished with iridescent and pearls. Lyon lace edged the hemline. A garland of white sweetheart roses, dendrobium orchids, and baby's breath accentuated her hair. She carried a traditional cascade of bridal white roses, dendrobium orchids, Queen Anne lace and accents of red spray roses. The bouquet also contained an antique lace handkerchief which belonged to her great-grandmother. For her wedding, the bride wore a pearl necklace with matching earrings which belong to her mother.

Miss Kimberly Dawn Snyder, friend of the bride from Auburn, was maid of honor. She wore a floor-length princess-style gown of black crepe which featured a white, mushroom pleated, off-the-shoulder collar. She wore a matching hairpiece and carried a bouquet of yellow enchantment lilies, purple statice, red miniature carnations, and white and yellow daisies. Little Miss Caroline Elizabeth Ullman, cousin of the groom, served as flower girl. She wore a white tea length gown hand-made by her Grandmother Carter. She wore a halo of ribbons and bows in her hair and carried a white wicker basket filled with summer flowers including tiny white rose petals.

Mr. Michael Jade Moran, friend of the groom from Plant City, Florida, served as best man. Master Parker Sanders, cousin of the bride from Troy, served as ring-bearer. He carried a lace trimmed pillow topped with golden rings. The pillow was made by the bride's aunt. The groom and his groomsmen wore black tuxedos. The groom's boutonniere was a miniature double red and white rose. The groomsmen's boutonnieres were single white roses.

The bride's mother wore a knee-length dress in ice-blue crepe. The jewel neckline and cap sleeves topped a princess line double tiered swing skirt. Her corsage was a white cymbidium orchid.

The groom's mother wore a teal v-necked crepe dress accented with matching ribbon appliques. Her corsage was a white cymbidium orchid.

The groom's maternal grandmother wore a peach dress with matching jacket. The groom's paternal grandmother wore a white dress with a short pink jacket. Both grandmothers wore white cymbidium orchid corsages.

Following the wedding, a reception was held in the church fellowship hall. Hurricane lamps wrapped with ivory and white bows marked the entrance.

The bride's table featured a three-tiered white wedding cake supported by a lighted fountain and flanked by two double layered matching cakes. Nosegays of red miniature carnations, red spray roses, white pom poms, and baby's breath decorated the cake tops. Serving the

Mr. & Mrs. Claude Adam Carter

wedding cake were Ms. Melonie Sanders Turner and Mrs. Tammy Sanders, cousins of the bride.

On May 26, a surprise wedding shower was held in the home of Miss Kim Snyder of Auburn. Many college friends were present with an array of gifts.

A miscellaneous shower was held on June 1 at the home of Mrs. Sam Dismukes in the New Hope Community. Other hostesses were ladies of the bride's church.

A family cook-out was held on June 15 at the home of Mr. and Mrs. Atlas M. Green, aunt and uncle of the bride. Mr. and Mrs. Knox A. Green, aunt and uncle of the bride, assisted. The rice bags for the wedding were made following the meal.

The home of Mrs. Phyllis Wilson was the setting for a bridal luncheon on June 28 at noon.

The groom's parents hosted a rehearsal dinner in the fellowship hall of New Hope Baptist Church. Those attending included members of the wedding party and out-of-town guests. The dinner was catered by Elba's Tea Room of Elba.

Brown-Snowden wedding to be held August 11

Mr. and Mrs. Jerry Brown of Panama City Beach, FL, announce the engagement of their daughter, Selena Renee Brown, to David Ryan Snowden, son of Mr. and Mrs. David Snowden of Pascagoula, MS.

The bride-elect is the granddaughter of Mr. and Mrs. Duell Galtmore of Elba, AL and the late Mr. and Mrs. Alton Brown, also of Elba, AL.

She received a bachelor of arts degree in speech pathology and audiology from the University of Southern Mississippi. She is currently enrolled in the audiology master's program at the University of Tennessee.

The groom is the grandson of Mr. and Mrs. Norman Snowden of Collinsville, MS and Mr. and Mrs. Raymond Culpepper, also of Collinsville, MS.

He received a bachelor of science degree with a major in biology and a minor in chemistry from the University of Southern Mississippi.

The wedding will take place August 11, 1996 at Eden State Gardens in Point Washington, FL.

The couple will reside in Knoxville, TN.

THE PRESSBOX

By Ricky Mularz, Sports Editor

Another school year is just around the corner and that means that it is past time to get out and buy some new clothes for the girls. I'll admit that a lot of the clothes they wore last year don't fit or are a little faded, but the shorts the girls got for summer still look good enough to me, and I can't see why we have to buy new sneakers when the old ones aren't even dirty. Oh well, after a few weeks everything will settle down and maybe the old stuff will be back in style!

NEW AREA ALIGNMENT PUMPS NEW LIFE INTO RIVALRIES

The high school football season is less than a month away and this year the AHSAA has re-aligned the schools across the state, and in doing so has created some new athletic rivalries. Here's a quick look at some worth mentioning.

***CLASS 3A, AREA 3** - Elba remains in a three-team area, but this year the Tigers will have new rivals in Headland and Rehobeth. Headland dropped down from 4A and could provide a real challenge for Elba, while Rehobeth has never defeated the Tigers, but is much improved since the last time the two teams met, and will also give Elba a real battle. Don't let the new names fool ya, these two area rivals are a lot better than Louisville, and the Tigers will have to earn their playoff spot on the field.

***CLASS 2A, AREA 4** - This has to be one of the top areas in the 2A ranks as Luverne dropped down and joined Georgiana in what should be a powerful area. Luverne has been a dominant force in 3A for years, while Georgiana has lost only four games the past four years, and is always one of the state's top 2A teams. Goshen has been down a little, but always plays hard, and New Brockton has never backed down from a fight in any sport. The Gamecocks may appear to be out of their class; however, don't write 'em off yet.

***CLASS 1A, AREA 4** - This area could be a lot better than most people think, because Frisco City is a solid team year in and year out and Brantley won't find things as easy on the road as many believe. The Bulldogs are favorites to win the area, which also includes McKenzie and J.U. Blacksher, and should be a strong team in the 1A ranks, but the area competition will be just as tough as ever.

***CLASS 1A, AREA 4** - I have to believe that all four teams in this area are smiling and feel good about their opponents and their chances of making the playoffs. After all, none of the teams exactly set the world on fire last season, and each of the teams has to think it can beat the other teams in the quarter. On paper it would appear that Houston Academy will be the team to beat, but Kinston looked mighty good in the spring and you can bet Zion Chapel and Arton will always be ready to play. This race could have a photo-finish!

NO MAJOR RULE CHANGES FOR HIGH SCHOOLERS

When this year's high school football season kicks off in a couple of weeks the fans should have a pretty good understanding of the rules, since the changes for the '96 season were few and far between. Here are a few you could notice...

****The clock will not be started after a change of possession until the ball is snapped.** In the past the clock started when the ref put the ball in play; however, the new rule will add some time to the game and give the teams more chances to get off plays. In a spring game the rule added fifteen minutes to the game, so, get comfortable.

****If a player is ejected from a game the player must sit out the next game his team plays, and if a second ejection occurs the player is out for the remainder of the season.** This rule was put in to prevent unsportsmanlike conduct and on paper isn't a bad rule. However, one flag happy ref could really cause some problems.

CLOSING THOUGHTS ON THE OLYMPICS

The Olympics are now over for four years and I for one think the organizers up in Atlanta did a great job in preparation and in conducting the games. No one can stop an idiot that wants to hurt someone or plant a bomb in a public place, and the fact the bomb went off in Atlanta had nothing to do with the way the security was handled. What will be remembered about the games? For me...

***The United States wrestler crying openly after winning the gold medal and then weeping on the podium.** It was a true display of human emotion, which is something we don't see a lot of any more.

***The members of the women's gymnastics team performing after the completion of the competition.** The girls had let their hair down, were smiling and looked like they were having fun, instead of looking like their life depended on how well they performed.

***The young gymnast losing her grip on the balance beam and hitting her head on the beam, then holding on to keep from falling.** Her courage in keeping her composure and finishing her routine was a lesson we can all learn from.

***And, how proud I felt every single time they played the National Anthem after an American athlete won a gold medal!**

Brantley ready for 1A, Area 3

The Brantley Bulldogs and their fans are happy about the move back to Class 1A; however, the folks up in Brantley will have to invest in road maps and get ready for long Friday night trips as the Bulldogs have been placed in Class 1A, Area 3, along with J.U. Blacksher, of Urali; Frisco City and McKenzie.

The move down to the 1A ranks does give Brantley hopes of a return to the success of years past, but the new area is anything but weak, and the Bulldogs will have to fight in all area contests to even make it to the playoffs.

Frisco City posted an 8-4 record last season and has been a power in the Southwest part of the state for years, while J.U. Blacksher struggled to a 3-7 state a year ago, but has a rich tradition in football and backs down from no one. McKen-

zie is a familiar foe for the Bulldogs, and the Tigers are on their way back after posting a 5-5 record last season.

Brantley has the talent year in and year out to compete with any team in the state in either the 1A or 2A ranks, and despite the new faces in Area 3, should be the favorite.

World Series sets opening party

The 1996 Dixie Youth Baseball World Series will be held in Dothan on August 12-17, with more than 200 players set to participate and thousands of fans expected to watch the teams compete for the title of "National Champion".

All area baseball fans are invited to show their support of the World Series by attending opening ceremonies on Sunday, August 11, at Rip Hewes Stadium, at 7:00 p.m. The teams participating in the event will be introduced.

New rivalries created by area re-alignment

The Alabama High School Athletic Association has announced the re-alignment of its member schools for the coming two years and the new area match-ups have created interesting rivalries among many teams across South Alabama.

Following is a brief look at how the re-alignment has affected local schools:

CLASS 1A
Brantley's drop from the 2A ranks created the most interest among 1A circles, but the move didn't make the Bulldogs an immediate favorite to stroll to a 1A title. Frisco City is in Brantley's new area, and when combined with J.U. Blacksher and McKenzie, should give the 'Dogs a real run for the playoffs.

Kinston and Zion Chapel are both happy with their place in Area 4, and feel they can compete with Houston Academy and Arton for a spot in the playoffs. The Rebels and Bulldogs have reason to be happy; however, it is way to early to start any kind of celebrations.

Elba remains in three-team area

A trio of teams from the Wiregrass area will combine to form Class 3A, Area 3, and while three team area might be small in numbers, it appears to be solid in talent and rich in athletic tradition.

Elba, the two-time state champions in 3A, anchors the new formed area, while Headland moves down from 4A to join the trio and Rehobeth moves over to join in on the fun.

Elba posted an 8-3 mark last season in Coach David Lowery's first year at the Tiger helm and this season should have a team that could challenge for yet another state title. Headland posted a deceptive 3-7 state last season in the 4A ranks, but the Rams are excited about their move to 3A and with a new coach should be a team to watch.

Two county teams in 1A, Area 4

There are no strangers in Class 1A, Area 4, as age-old rivals will compete for the title to advance to the state playoffs.

Houston Academy, Arton, Zion Chapel and Kinston will form the area, and should combine to have one of the most competitive areas around!

Houston Academy posted a 6-4 mark a year ago, the only team in the area with a winning record in '95, and the Raiders have made vast improvements in all sports in recent years, making the Raiders the team to beat in this quarter.

Arton struggled to a 1-8 mark last season, but this year will have a new coach and a new attitude as the Purple Cats try to claw their way back to the top of the small school ranks.

Zion Chapel posted a disappointing 3-6 record last season and was hit heavily by graduation; however, the Rebels have a veteran coaching staff and plenty of talent, and could be a team to watch this season.

Kinston suffered through a 2-8 season in '95, but the Bulldogs dominated all opposition in a spring jamboree and have been looking forward to the '96 campaign throughout the summer. This could be the year the Bulldogs' bite is finally worse than their bark.

These four rivals are very equal in talent and all have high expectations about the coming season. It should be a real dogfight.

Georgiana and Goshen are the clear cut favorites in the area race; however, Goshen and New Brockton have never backed down from a challenge and can't be overlooked.

playoffs last season in what was still a disappointing year, and the Gamecocks should field a much improved team this season as they move up to challenge the 2A powers in their area.

Georgiana and Luverne are the clear cut favorites in the area race; however, Goshen and New Brockton have never backed down from a challenge and can't be overlooked.

spoiler; however, neither appears in the class of the Tigers or Panthers this season.

CLASS 2A
The Class 2A ranks are filled with area teams as a dozen teams from the Wiregrass area combine to form four areas.

Area 3 may be the best of the bunch as three of the four teams had big seasons in '95 and are again looking for the wins to pile up this season. Samson (8-2), Straughn (8-3) and Florala (7-2) have excellent football teams loaded with tradition and pride, and should stage a real dogfight for the two playoffs berths, while Red Level (0-10) may be on the outside looking in.

The Area 4 race should also be one to watch as Luverne moves down from Class 3A to join Georgiana, Goshen and New Brockton. The powerful Tigers have to be the pre-season favorites, but Georgiana backs down from no one, and when these two meet the sparks should fly. Goshen and New Brockton could play the role of

CLASS 3A
Class 3A barely exists in South Alabama, but while the quantity of teams may be low, the quality is anything but, as Elba, Rehobeth and Headland form Area 3.

Elba has been one of the strongest teams in the state in 3A circles for years and has to be the pre-season favorite, but Headland competed in 4A a year ago and will be up to the test, as will Rehobeth,

ELBA CITY SCHOOLS'
CODE OF CONDUCT

The Elba City Board of Education is committed to providing an orderly, well disciplined environment in which students can attend school. The school administration is expected to implement this commitment. Students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school system. Good discipline is extremely important to the total school program and is vital to the development of citizenship. It is anticipated that most discipline problems can be handled between teacher, child, and parents/guardians in a calm, reasonable manner.

Formal Disciplinary Actions

The following is a list of alternative methods for disciplinary action which may be administered by the school principal or his/her designee to students enrolled in the Elba City Schools:

A. SCHOOL BUS SUSPENSION

A student may be denied the privilege of riding a school bus because of misconduct on the bus for a reasonable and specified period of time. The parents/guardians will be notified in writing of the student's school bus suspension.

B. CORPORAL PUNISHMENT

The use of corporal punishment should follow the use of other corrective measures which have failed to improve student behavior. Prior to the administration of corporal punishment, the student shall be given an opportunity to explain his/her actions. When corporal punishment is required, it shall be administered with care, tact, and caution by the principal or teacher according to board policy. A second member of the professional staff shall be present to serve as witness and shall be informed of the reasons for the punishment prior to it being administered. Corporal punishment shall not be administered in the visual presence of other students.

All cases of corporal punishment shall be documented by the person administering the punishment. Included in this documentation should be written explanation of the reasons for the corporal punishment and the name of the witness.

Corporal punishment shall not be administered in the presence of visitors. No teacher is allowed to administer corporal punishment for another teacher.

C. OUT-OF-SCHOOL SUSPENSION

A student may be placed on out-of-school suspension by the principal. This disciplinary measure is the removal of a student from school for violation of school policies, rules or regulations, or for otherwise causing interference with or disruption of the orderly operation of the school. Situations which might dictate out-of-school suspension include: 1) procedure for expulsion of student being exercised, 2) presence of student poses an immediate and continuing threat to himself, others, and/or school property, 3) violation of school regulations. Procedures for out-of-school suspension will be enacted in accordance with Board policy.

D. IN-SCHOOL SUSPENSION PROGRAM (ISS)

The Elba City School In-School Suspension Program consists of a supervised detention area during the school day. This program provides for an alternative school setting away from and separate from the regular classroom and student body. Students may be assigned to this program on either a short term (3 days) or long term (5 days) basis. Students assigned to ISS will not be allowed to associate with the student body during the period of time they are assigned to this program nor participate in sports, cheerleading, band or any other school activity, nor are they to go on school related trips or outings. Bathroom breaks and lunch breaks will be scheduled at a time that does not conflict with other breaks or lunch periods. Students will be under the constant supervision of the ISS supervisor.

Students will be required to complete all assignments from the regular classroom teachers during the time they are confined to the ISS program. The assignments, reports, tests, etc., will be graded by the regular classroom teacher.

Students will not be allowed to talk, confer, walk around, attend assemblies, sleep, use the phone, or leave class while assigned to the ISS room. While a student is assigned to ISS he/she may not drive on campus.

The length of time assigned to the ISS may be extended for any student that fails to abide by or adhere to established ISS rules.

All students assigned to the ISS program will be assigned by the principal or assistant principal for reasons as stated in the Code of Conduct Guidelines given below:

Classification of Violations

Violations of the Code are divided into three classes: Class I - Minor, Class II - Major, and Class III - Terminal. Each classification is followed by a disciplinary procedure to be followed by the principal or his designee.

In the following classes of violations and disciplinary procedures, it is understood that the student will be provided with due process before any disciplinary action is taken.

CLASS I - MINOR OFFENSE

- 1.01 Distraction of other students - any behavior that alters the teaching process of the classroom or educational activity.
- 1.02 Quarreling, minor harassment.
- 1.03 Use of profane or obscene language.
- 1.04 Non-conformity to dress code - any dress that is disruptive to the educational setting or is a hazard to the health or safety of the student.
- 1.05 Minor misbehavior on a school bus.
- 1.06 Inappropriate public display of affection.
- 1.07 Gum chewing.

1.08 Eating or drinking in unauthorized areas.

1.09 Locker abuse, incidental defacement, littering of school property.

1.10 Possession of radios, tape players, cards, electronic games, etc. without written administrative approval.

1.11 Sitting in parked vehicle after arriving at school or returning to vehicle during the school day without permission.

1.12 Tardies - Procedures will be followed as outlined under "Tardies."

1.13 Minor physical conflicts - (ex: pushing, shoving) which stops when directed to do so. (It should be understood that the principal or his designee shall investigate all fights and make appropriate decisions concerning the roles of each participant).

1.14 Disrespectful behavior - or failure to follow specific instructions or school policies, disobedience.

1.15 Any other violation which in the discretion of the principal may deem reasonable to fall within this category after consideration or extenuating circumstances.

3.14 Sexual acts - acts of a sexual nature including, but not limited to battery, intercourse, attempted rape, or rape.

3.15 Aggravated battery - intentionally causing great bodily harm, disability or permanent disfigurement, or the use of a deadly weapon.

3.16 Inciting or participating in a major student disorder - leading, encouraging or assisting in major disruptions which result in destruction or damage of private or public property or personal injury to participants or others.

3.17 Indecent exposure - intentional explicit exposure of private parts, "mooning" etc.

3.18 Assaults or threats directed toward a School Board employee.

3.19 Any other offense which the principal may deem reasonable to fall within this category.

DISCIPLINARY ACTION FOR CLASS III OFFENSES

1. Suspension with consideration of possible recommendation of expulsion by principal as authorized by procedures.

2. Notification and referral to Superintendent of Education for action.

3. Notification of law enforcement authorities by the principal.

DIPPER GOURDS are successfully being grown in New Brockton by Mrs. Lena Fuller, who lives on the "main drag", near downtown New Brockton. The long handled dipper gourds, planted last spring for her by one of her sons, are trained on the trellis while some Martin gourds are growing along the ground, and in around the many flowers she tends so lovingly, when not making jelly, canning preserves, making pillows or talking with her friends. The dipper gourd has a handle of over two feet long.

We Give Mature Drivers, Home Owners And Mobile Home Owners Special Savings.

Our statistics show that mature drivers and home owners have fewer and less costly losses than other age groups. So it's only fair to charge you less for your insurance. Insure your home and car with us and save even more with our special multi-policy discounts.
